

Weekly Challenges!

Week beginning 22nd June 2020

Make a bowl or cup using papier mache—see separate page

Listen to some new kinds of music you haven't heard before (classical/rock/country)

Have a go at the new resource "What shall we do?" - see separate page for guidance

Hide some toys or objects in soil/sand/ crumpled paper and then dig to find them

Remember to do something that makes you smile and laugh

We will be contacting you weekly but if there are any issues or if you just need to talk then please just email or ring us! Please send us photos of what you are up to as we miss you all!

Papier mache

Makes 1 big batch

Prep 10 minutes

- An old newspaper or magazines
- 1 level mug of plain flour
- 1 level mug of warm water, plus extra tap water for loosening
- A bowl to use as a base

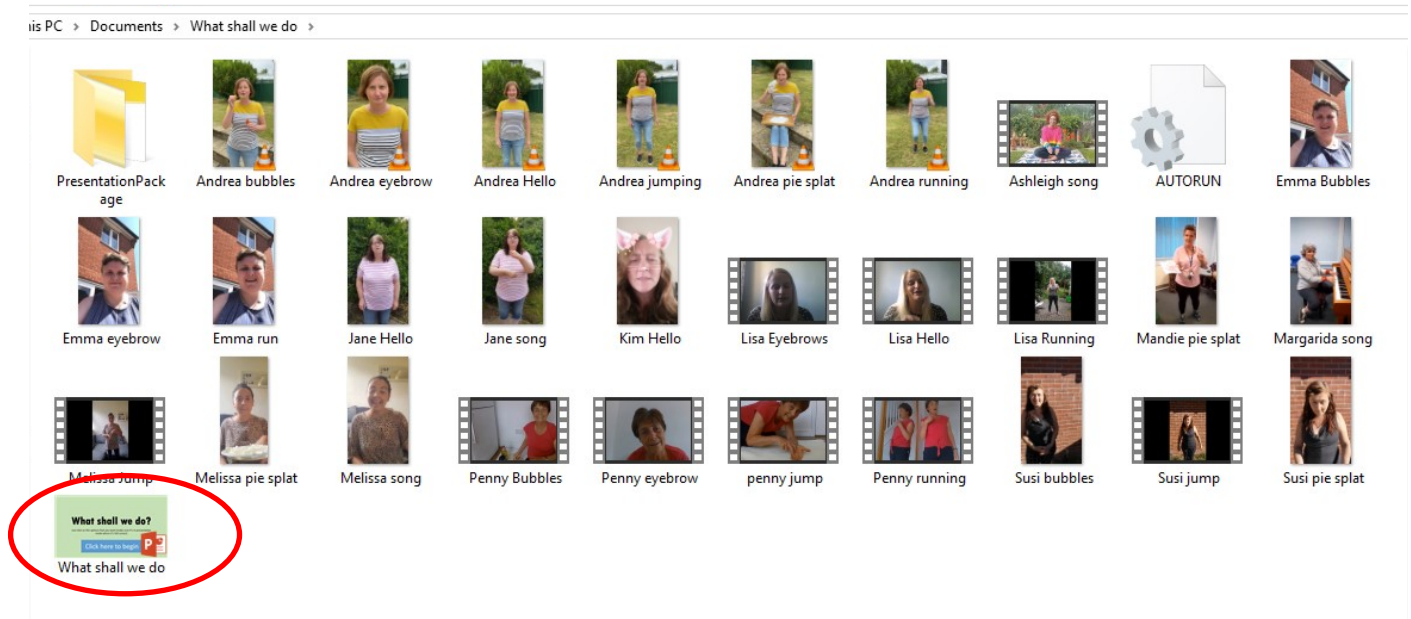

Method

1. Stir together the flour and warm water in a large mixing bowl until well combined. Add extra tap water a little at a time to loosen. You want a smooth, batter-like paste with no lumps. You can sift the flour first for a super smooth finish.
2. Cover your bowl with cling film.
3. Rip up some old newspaper or magazines and put them in the mixture.
4. Smooth them over the inside or outside of the bowl. You can use your fingers or a paintbrush if you don't like getting mucky.
5. Let it dry and then gently pull it away from the bowl, you might need some more layers if it looks too thin!
6. Then you can paint or decorate it however you like.

What shall we do?

I have emailed you a link to the resource on drop box (you don't need your own account just follow the link and download the folder)

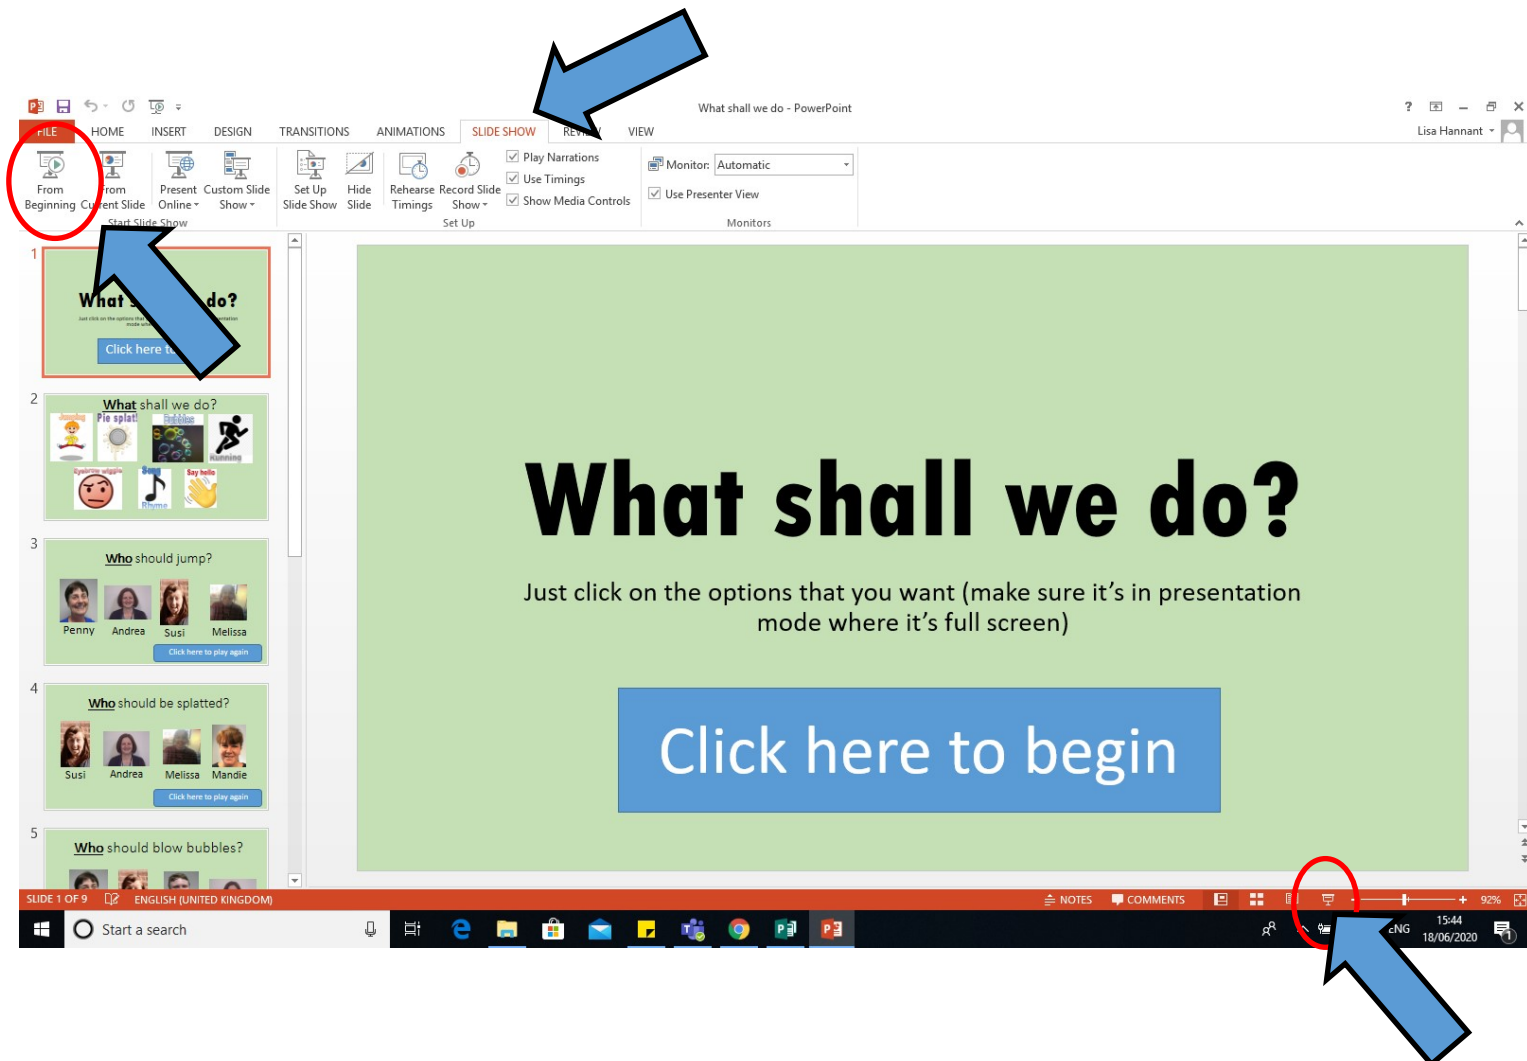

You will then have lots of files, you want the one called "What shall we do"

Double click to open.

See next page on how to use resource

It should look like this:

You need to view the resource in presentation mode by clicking in the bottom right or from beginning under the slideshow tab.

Now when you click on the activities or staff members faces it will take you to the videos.
